		The Scheme may enter into repos / reverse repos including repo in corporate debt securities as may be permitted by RBI. From time to time, the Scheme may hold cash. A part of the net assets may be invested in the Triparty repo (TREPS) on Government securities or treasury bills or repo or in an alternative investment as may be provided by RBI to meet the liquidity requirements. In line with para 12.24 of SEBI Master Circular on Mutual Funds dated June 27, 2024, The cumulative gross exposure through debt, derivative positions, repo transactions in corporate debt securities, other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time, subject to regulatory approvals, if any, should not exceed 100% of the net assets of the scheme. Subject to the SEBI Regulations, the asset allocation pattern indicated above may change from time to time keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute. These proportions can vary substantially depending upon the perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be for short term and for defensive considerations only. The Fund Manager will restore asset allocation in line with the asset allocation pattern within 3 months.	The Scheme may enter into repos / reverse repos other than repo in corporate debt securities as may be permitted by RBI. From time to time, the Scheme may hold cash. A part of the net assets may be invested in the Triparty repo (TREPS) on Government securities or treasury bills or repo or in an alternative investment as may be provided by RBI to meet the liquidity requirements. In line with para 13.18 of SEBI Master Circular dated March 20, 2026, the cumulative gross exposure through money market instruments, derivative positions, repo transactions in corporate debt securities, applicable mutual fund schemes, credit default swaps, other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time, subject to regulatory approvals, if any, should not exceed 100% of the net assets of the scheme. Rebalancing due to Short Term Defensive Consideration: Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per para 1.9.1(b) of SEBI Master Circular dated March 20, 2026 and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.																												
7.	Where will the Scheme invest	The corpus of the Scheme will be invested in Money Market Instruments which will include but not limited to: 1. Certificate of Deposits 2. 3. 4. 5. 6. Non-convertible debentures 7. Non-Convertible Preference Shares (NCPS)* 8. Floating rate debt instruments 9.
